

Africa, Mine!

When you think of Africa, what comes into your mind?

Famine? Warlords?

Yes!

But, there is so much more

Africa is bright sunshine and cool ocean breeze

Africa is golden sunset

And the biggest sky on God's earth

Africa is rainbows, rain forest, desert and steppe

Africa is Lions, Elephants, Giraffes, Hippos and arrays of

Creatures Great and Small

Africa is snow-capped Kilimanjaro on the equator

Africa is wavy palm trees on the Atlantic shore

Africa is hot arid deserts of the Kalahari, Sahara, Danakil

Africa is rivers Nile, Niger, Benue, Congo, Orange, Limpopo,

Zambezi

Africa is Mama and Papa and children living in peace

Africa is giggles and laughter of teenagers and their hopes

Africa is life yoked and unburdened

Africa is YOU and ME!
